

This procedure assumes you have already downloaded the app and installed to your device.

Start by selecting Add Remote Resource.

Enter the URL <https://gateway.webdesknet.com/rdweb/feed/webfeed.aspx>

Enter your WebDesk email address into the Login field.

Enter your WebDesk password into the password field.

Save and return to main window.

If entered properly your Work Resources screen should look like the illustration below except that it will have your subscribed apps.

Tap an app icon to launch the app on your iPhone.
